

# Buddy

## Specification

**BISLEY**

Buddy by Bisley can be your right (or left!) hand man to take care of all your office storage needs.

As workplaces adjust to focus on individual rather than shared spaces, personal and safely accessible storage plays an important role.

An alternative to the versatile freestanding Note Pedestal and Caddy, Buddy is a single-person desk-attached locker, the perfect addition to your working day!

The compact and space efficient design allows you to stay connected with your work, whilst maintaining a clutter free desk. With your office Buddy, you can feel reassured that not only are your belongings stowed within a safe personal workspace, but that they are always within reach, for maximum productivity.

Designed to accompany static or height adjustable desk-ing, Buddy moves as you do, ensuring you can quickly and easily access your belongings – whether sitting or stand-ing.

Your colourful companion is available in a variety of steel and wood finishes with a choice of locking options and internal configurations, so there is a combination to suit everyone.

GUILD MARK

# Features

Buddy is designed to work with many of the leading height adjustable desking ranges and can be easily adapted to fit any new desking system\*.

Option to add additional USB charging capabilities.

Easy-open rounded oversailing door.

Selection of internal accessories including non-slip rubber mat.

Select from 34 steel paint colours or seven laminate finishes\*\*.

Choose from five locking options including key, combination and digital.

Five-year guarantee.

Made in the UK.

\* Prior to manufacturing, we will always request a drawing of your desk to confirm fitments.

\*\* Laminate finish on door only.

## Benefits

**Convenience** – Access your personal items and everyday essentials, whether sitting or standing at your desk.

**Secure** – Ensure your personal belongings are safely secured at your desk with a choice of locking options.

**Organised** – Various internal configurations allow you to stow your things the way you like and enjoy an efficient, clutter free workspace.

**Customisable** – Choose from an extensive palette of standard paint finishes, or add a laminate front to suite with your desking.

**Personal** – Avoid shared storage solutions and keep all of your belongings close by for peace of mind.
